
Workforce Services@SVHEC Fact Sheet

"You have listened to what the local employers have asked for and delivered a quality program that we are excited to see developing. This will benefit everyone."

Marvin Morris, vice-president,
Bohler-Uddeholm Specialty Metals, Inc.

Workforce Services@SVHEC serves as a pipeline and connector to workforce training, data, resources, and services.

Workforce Services staffers seek, embrace, and pursue opportunities to positively impact Southern Virginia's businesses and citizens.

The three encompassing areas of focus for Workforce Services@SVHEC are:

- **Employer/Business Needs**—meeting the needs of current & prospective employers
- **Worker Knowledge, Skills, and Abilities (KSAs)**—preparing incumbent & future workers to meet employer needs
- **Data Driven Responses to Area Employers, Workers, and Job Seekers**--reliance on valid data obtained from diverse sources to provide needed training and services.
